

A Social Media Oversight Commission Must Be Created

Right:Now

Why?

13m ago

Because who's holding social media accountable?

See what you missed: A scandal!

15m ago

Meta's Cambridge Analytica scandal of 2018 put the personal information of millions of Americans at risk, but it's been facing controversy since its founding.

You have a friend request... from a dealer

15m ago

SnapChat's disappearing message feature has made it the prime target for drug dealers to get a hold of teens.

So many pedophiles...

16m ago

Discord banned more than a million accounts in the first half of 2022 alone, mostly for child safety violations as well as exploitative content
